

# Skype

- What are the benefits of Skype?
- How to connect to Skype.

# The benefits of Skype

- ▶ Free calls to other Skype users
  - ▶ Conference calls
  - ▶ Video calls
  - ▶ Cheap calls to mobile and landlines
  - ▶ Cheap international calls
  - ▶ Group video calling
  - ▶ Screen sharing
- 

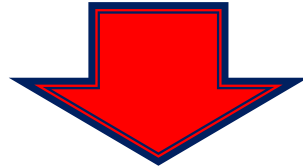

# How to connect to Skype

- ▶ First, you need to log onto the Skype website, type this into the window at the top of your Google browser.
- ▶ <http://www.skype.com/intl/en/home>

<http://www.skype.com/intl/en/home>

- ▶ When you're on the web page click on;

- ▶ Follow the prompts to register for a Skype account.

- ▶ You'll need to enter your details – your name and email address.

## Create an account or sign in

It only takes a minute or two - then you'll be ready to call your friends for free once you've downloaded and installed Skype.

First name\*

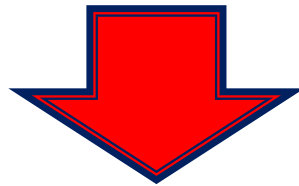

Last name\*

Your email address\*

Repeat email\*

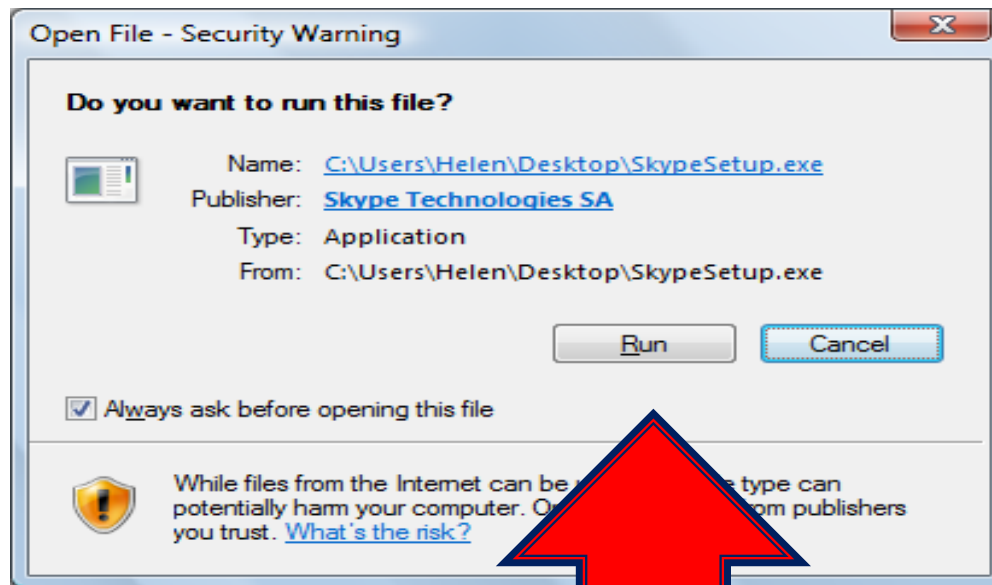

Note: no-one can see your email address.

- ▶ At the bottom it will ask you to click the green button if you agree to the terms.

I agree - Continue

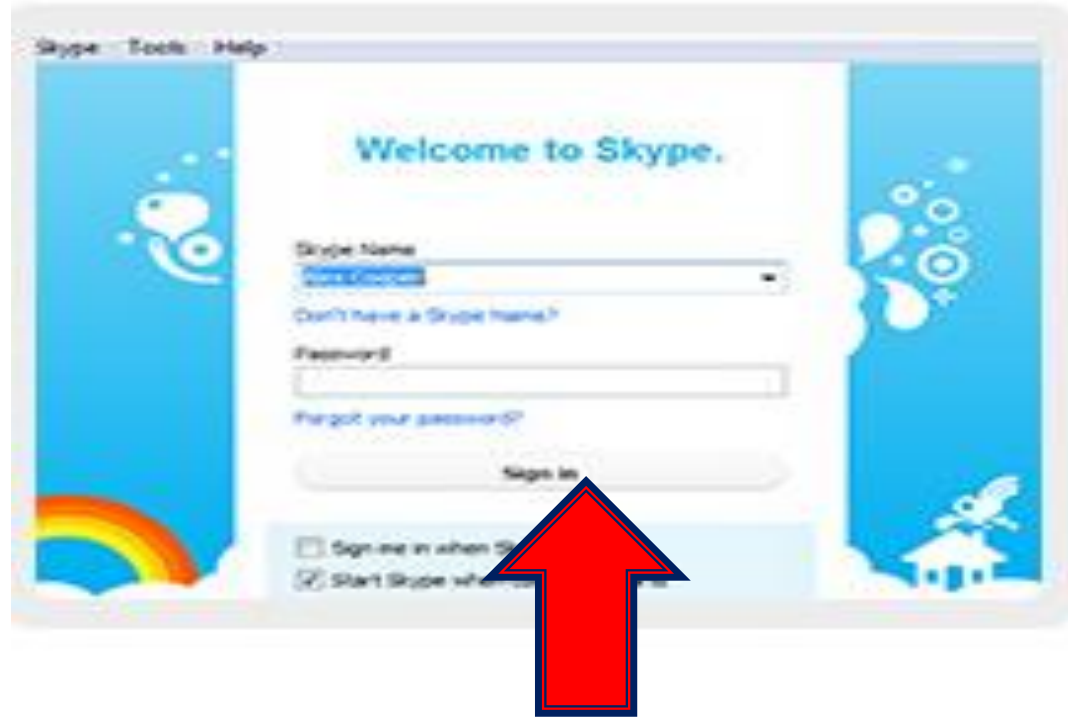

- ▶ A window will open saying '*opening Skype setup*' you need to click on RUN.

- ▶ The next step is easy; just select which language you want to run Skype in. It will already be default as English so click on that. Then click on 'I agree-install.'

- ▶ Finally, you will need to sign in with the username you've just created.

- ▶ Well done! You now have a Skype account.
